# Welcome

to the October edition of your local Forest Edge Gazette community magazine

October already, time for Halloween celebrations for those who enjoy getting dressed up and go Trick or Treating. Of course, not everyone wants to be part of it all for various reasons from being elderly, disabled or it may be against their personal beliefs - please can we remind younger people to respect others decisions if they have asked you not to knock. You can all have

a good time this way and you'll get more candy and chocolate treats! If you want to walk it off, we've our usual monthly walk around West Wellow and it looks like a lovely Autumn walk page

We are always happy to connect with local people whether it be Community or Education news, Local Events or Charity Fundraisers or whether you are a local businesses looking to discuss your marketing strategy, so please do email us using linda@mlgpublishing.co.uk Please also provide any details of local events you would like advertised on our website (www.mlggazettes.co.uk) or in our What's On section in the publications.

Have a fun-filled Halloween and remember the clocks go back this month too

*Linda*

# Community News & Events

## Romsey and Totton Swimming Club Goes on Tour

Early on this year, our new open meet co-ordinator, Emma Page, who is very enthusiastic decided that as a club we should venture further afield for competition swimming. Typically open meets are hosted by bigger clubs over a weekend with the aim to allow swimmers from different clubs to race against each other and to gain qualifying times for county and regional events.

So, at the start of the summer holidays, 13 swimmers and their families plus numerous dogs, from the club, went on tour to Plymouth to take part in the Plymouth Leander Swimming Club summer Open Meet. We would normally travel daily to take part in the swimming but Plymouth is a bit too far for this so Emma booked a number of pitches at a campsite near to the pool. Accommodation was in the form of caravans, tents, motor homes and for Ian, "you won't catch me sleeping on the floor in a tent", - luxury bed and breakfast on the same site. We didn't know this when it was booked, but the site was run by a guy from Southampton whose son went to school with one of our swimmers.

The 13 swimmers entered over 60 events between them and came away with 4 gold medals, 9 silvers and 3 bronze. Not quite on a par as team GB, but nevertheless, very pleasing. Our most successful swimmer was Emily Brine with 6 medals of all colours. The meet was spread over three days with the Saturday and Sunday being close on 12 hours from waking up to returning to the campsite. The Friday night saw the long distance events 1,500m freestyle for men and 800m freestyle for the ladies and two of our swimmers, Spud and Emma, were

mad enough to enter these. They both gained silver medals in their age group so I guess it was worth entering.

The evenings were spent barbequing, with Spud taking hours to not cook his sausages properly, how anybody can cook one end of a sausage and not the other is beyond me, playing with the dogs and generally relaxing and having fun playing different sports like cricket, rugby and table tennis on a table lent to us by the campsite owners. Most people returned to Hampshire on the Monday, with one campervan with Wayne at the wheel taking a detour, via Taunton, to avoid the queues and taking twice as long as everyone else to get home.

The committee are very proud of the feedback we have had from the organisers at Plymouth Leander on how well our swimmers represented the club at the pool in the way of behaviour, enthusiasm and support for our swimmers when they were swimming. This has led onto the club being invited to go to Cardiff at February half term to take part in a 10 club closed meet. We intend to take up this invite and feel very privileged to be invited.

We are now back into full swing with our regular club evenings and training sessions throughout the week and running swimming lessons at Romsey on a Monday night and at Totton on Friday nights. If anyone is interested in lessons at either pool or looking to join the club please contact our Head Coach, Steve Harrison at [stevemharrison@hotmail.com](mailto:stevemharrison@hotmail.com) or our new chairman, John Morris at [morrisfamily.john@gmail.com](mailto:morrisfamily.john@gmail.com)

# Community News & Events

## Search is on for New Forest's best buildings

The New Forest is home to hundreds of beautiful buildings that give the National Park its unique character.

Each year many high quality new buildings are constructed that enhance the communities in which they are situated.

Now the hunt is on for the best of the bunch, with the New Forest National Park Authority's building awards open for entries.

The awards aim to recognise and reward the best new developments in the area, with new buildings, larger developments and extensions eligible for an award.

This is the second time that Building Design Awards have taken place, with last year's edition attracting 20 nominations for new developments across the Forest.

Around 1,000 planning applications are submitted in the National Park each year - 84 per cent of which are approved - and the

awards scheme is another way to highlight the importance of good design in the National Park.

Nominations can be made by anyone living in or visiting the New Forest National Park and must be for a high standard design that has been completed in the last three years.

People are welcome to nominate their own buildings and awards will be given in the following categories:

- individual buildings
- extensions
- larger developments.

Nominations are open until 7 October 2016 and will be considered by a panel of National Park Authority members and staff, before the winners are announced in December 2016.

Submit your nomination at [www.newforestnpa.gov.uk/buildingawards](http://www.newforestnpa.gov.uk/buildingawards).

# Afternoon Tea at The Woodlands Lodge Hotel

The dog friendly hotel is a converted coach house dating back to 1930. There is a relaxed and personal feeling surrounding the hotel - Imogene and her husband are the owners and you can sense they enjoy every minute. Our friendly waitress welcomed us into the hotel and we were sat overlooking the beautiful gardens that open directly into the New Forest.

Sumptuous scones with clotted cream and jam, fresh cakes, and plenty of finger sandwiches soon flooded in - and how beautifully decorated! Colourful flowers adorned the delights and I can assure you they tasted just as good, if not better, than they looked. Stuffed to the brim, we even took home a 'doggy bag' as I couldn't bear to leave it!

We are blessed to live so close to the New Forest where the English countryside is abundant so what better way to while away the hours enjoying afternoon tea at The Woodlands Lodge Hotel.

With afternoon tea being just £14/26 to share, we needn't wait for that special occasion to treat ourselves! Why not try the Festive afternoon tea too!?

*Christmas Parties*

Whether you are looking for a stunning venue for your company Christmas party, intimate festive lunch or somewhere to relax and spend time with family and friends, Woodlands Lodge can help you celebrate in style!

## Another happy customer

Mrs Tricia Olorenshaw, Minstead, Newforest

Suffering from regular, worsening headaches and sinus problems that meant I was unable to work for 2 or 3 days at a time I sought treatment from Dr Yan.

Acupuncture, herbal remedies and diet all contributed to a continuing improvement in my condition and I am most grateful to Dr Yan for her kind, caring approach.

As a result I would have no hesitation in recommending Dr Yan to any who are burdened by similar conditions.

# Autotechnix Southampton Ltd

There's never a good time to lose or break your car or van key and it's usually when the worst happens that you wish you hadn't put off getting a spare one!

Autotechnix Southampton Ltd aims to make the process of replacing your car key as simple as possible, whilst reducing the expense and delay of going to a main dealer. And with many makes and models kept in stock, your new keys can

usually be cut and programmed while you wait.

"Surfing, or sailing, keys are also popular with our customers at this time of year," commented Autotechnix Director Alan Meade. "We can supply and cut a manual key without a transponder chip which you can use to secure your car and then take the surf key out on the water without having to worry about getting it wet."

As well as providing new keys, Autotechnix can test your existing keys and fit a new transponder chip or battery if needed, often saving the need for a whole new key.

Established since 1997, Autotechnix also offers a full range of auto electrical and diagnostic services using state of the art technical equipment to both trade and retail customers.

## NEED A NEW KEY?

Whether it's a spare key for your car or a replacement for one that's lost, we stock keys and remotes for most cars and vans. Give us a call.

Most cars may have several keys programmed to the immobiliser and you only have one of them, when we supply and program a key to your new car, we can usually erase all the old keys and only program back the keys that you now own for your own peace of mind.

We provide a while-you-wait service for most car keys (although some may take longer than others) and can also supply transponder chips, pin codes, security codes and Renault key cards.

Opening times Monday to Friday 8.30am to 5pm  
Saturdays 9am to 1pm (appointment only)

# Holidays are over.... So what memories do we hold onto?

Most of us look forward to the summer holiday period. We hope that it will be a pleasant time when we can charge up our batteries and work further to develop our relationships with our children, partners and friends. We all carry different hopes for how we wish our holiday experience to be and the sort of memories we wish to create or build on. That is what the anticipation is when we plan and book a holiday.

But how often do we feel disappointed and let down after? Frustrated perhaps that yet again a similar theme has played out. Sad perhaps that those around us have not tried hard enough. Angry that we were blamed for what took place at times.

So how can we manage our expectations? Do we just gratefully get back to work and life pleased that we are reunited with routine and dismiss what took place? Do we just bottle up and carry on rather than try to explore and discuss what took place? Do we just repeat the pattern again next year?

We need to take our part in what might have happened. Do we try and please too much? Do we struggle through all year and build up unrealistic and escapist hopes for a holiday? Does a holiday trigger either, past idyllic memories which cannot be matched by present experiences, or sad events and memories which engulf us whilst we are away and unable to busy ourselves in the way that we probably do for the rest of the year?

If you feel that you would like to get to the bottom of why there might be recurring difficulties with a particular person or member of the family or just with groups of people then perhaps an initial session with one of our experienced and accredited

counsellors might be useful. Don't wait until you are about to book your next holiday

To book an appointment please look up our website [www.wingscounselling.com](http://www.wingscounselling.com) or contact us on 01794 329278 or 07946400257. Wings also offers a few low cost counselling spaces for anyone who is struggling but feels unable to afford the full price of our sessions.

# Cloudy2Clear Announce Trusted Trader Partnership

Consumer champions Which? have now joined the thousands of customers who recognise that Cloudy2Clear Windows really are a business that you can TRUST. The company which specialises in repairing windows which are steamed up, broken or damaged by replacing the panes – not the frames has received the coveted ‘Which Trusted Trader’ status after going through a rigorous accreditation process entirely focussed on customer service.

Group Managing Director Marcus McGee believes that Which? have endorsed Cloudy2Clear’s long standing company

policy of delivering the highest standards possible at all times. ‘Our service is simple. If your double glazing has misted up we can replace the glass at a fraction of the cost of a new window, in any type of frame, and with a new 25 year guarantee. But it’s not just about saving people money, although that obviously helps. Whilst a number of tradespeople perhaps don’t focus on customer care as much as they should do, we make sure we turn up when we say we will, do the job the customer requires and leave their house as clean as a whistle.

Locally Cloudy2Clear service the Totton area

and manager Justin Friel agrees that this approach is a major factor in his success. ‘The truth is that it’s not just the personal satisfaction that I get from doing a good job but also it makes good business sense. I get a huge amount of business from friends and family of people I’ve done work for, which just goes to show how much a little bit of effort is appreciated as both my customers and, obviously a body as nationally important as Which? now recognise.’

So, if your windows are steamed up, broken or damaged give Justin a call for a free quotation on **0800 61 21 118** and he’ll be happy to help!

“**Cloudy2Clear GUARANTEE All Customers That An Average Quote Will Take No Longer Than 20 MINS!!!**”

## STEAMED UP DOUBLE GLAZING? Don't Replace The Frames... Just The Panes!

Broken Or Damaged Windows? Faulty Locks, Handles, Hinges?

# This month's Walk:

## Discovering West Wellow

by Malcolm Price

This walk is one of the more gentle of the series, but provides a good view around the countryside on the Hampshire/Wiltshire border.

It starts from the Village Hall at Buttons Lane, West Wellow, Romsey, SO51 6BR and at 3.5 miles should take in the region of 65–70 minutes at a steady pace.

From the car park, we turn right and cross Buttons Lane to pick up a footpath after just 100 metres. This leads out to a gravel road and then onto a staggered crossroads where we need to head off directly over to Scutts Lane (taking care as we cross Romsey Road). We follow this road for some 800 metres, regrettably there is no footpath, but this is a fairly quiet road. With fields spread out on both wings and a deep cutting into the terrain we eventually emerge at a new road junction which is the start of Scallows Lane.

We take the right fork up this road and then turn immediately right again over a stile, where the hedgerow can hide the access and following the footpath (photo 1) along beside a pair of fields that host cattle grazing on the right. Once across the second field the well directed path sends us into the edge of a woodland, which we thread through for around 800 metres. This section can tend to be slightly overgrown but in no way difficult to move along, while there is plenty of wildlife to view through the woods and the normality of farm pastures on the left.

Once this path emerges into the open again, it swiftly drops down a set of steps to the road below (photo 2) (Foxes Lane).

At this point we cross straight over to the next phase of the path, then across open fields which drop down onto a gravel track, crosses a tributary of the Blackwater River then climbs back up to a road beside St Margaret's Church, East Wellow (photo 3). This is where Florence Nightingale is buried and is worth a pause to take in the tranquillity of the churchyard before resuming the travels. The road to the church is a dead end so we must head out left up to the road, where we turn right and follow this route for almost 1 kilometre; regrettably, once again there is no designated footpath, but it is a quiet back road. This section we cover until meeting a sharp left hand bend, so look to the right for a footpath arrow taking us off across some fresh fields.

After a short while the path drops slightly down through a pair of fishing lakes (Woodington Fishery) then upwards to the main Romsey Road where we should cross over to the footpath while turning right on the homeward run.

There now follows a section of

approximately 800 metres working our way into central West Wellow, passing on the way Brooklands Farm and the fresco on the gable wall of grazing deer (photo 4) and shortly after passing the Sports Ground and Tennis Club before arriving back at Buttons Lane, turning left and returning over the final 200 metres to the Village Hall.

Probably the most renowned of local refreshments would be back at Carlo's Ice Cream Parlour about 1500 metres back along the Romsey Road (right turn out of Buttons Lane). They offer all manner of refreshments as well as a vast range of ice creams for the hungry walker.

### Essential items for walking anytime:

- High visibility clothing, vest or sash are ideal. Be seen at all times.
- Robust footwear, walking boots, good sturdy trainers – normal house shoes not recommended. The footpath can be muddy after rain, but is easily navigated.
- A torch (for gloomy days), mobile phone and a whistle (personal protection and safety).
- For dog walkers – take a supply of poop scoop bags.

# WHAT'S ON in your Area

## OCTOBER

1<sup>st</sup>

**BARTLEY GARAGE - TOTTON Est. 1997**  
The South's FIRST and LEADING Independent BMW & BMW Mini Specialist

**Race season is almost over for the 2 Bartley Garage sponsored BMW teams**

Stu Waite competes in the Toyo Tires Racing Saloons series in a BMW E36 M3 with the support of his long serving team, head mechanic, Chris Yeatman plus girlfriend, Eleanor Alcock as well as Kim Weston, Neil Harris, Jason Dzenis and Jools Proud. The TTRS races at Brands Hatch in August saw Stu qualify 2nd and gain a 2nd place finish in race 1, adding yet another podium finish to this season (including 5 wins, the most of any of the competitors). Unfortunately race 2 was "red flagged" twice due to a massive crash involving 19 cars!! Thankfully everybody walked away but plenty of car repairs are required before the final 2 races at Silverstone.

In 2015 Stu started to support other racers in the Production BMW Championship. He assists with their car preparation and maintenance at the track as well as offering valuable technical racing tips as (aptly named by Stu) Bartley Motorsport. He currently supports Harry Goodman who races an E30 BMW. He also helps Jason Dzenis, one of his team members who races alongside him (although in a different class) in the TTRS series in a Peugeot 205. The 3 Bartley Motorsport cars are pictured here at Brand Hatch on 28th August.

Aaron Morgan competes in the BMW Compact Cup Championship, using only bespoke hand controls, due to breaking 2 vertebrae and his spinal cord in a motocross accident aged just 15, which left him a permanent wheelchair user. Aaron was, and still is the youngest ever disabled person to hold a motorsport racing licence which took him 10 gruelling months to achieve including demonstrating he can evacuate a race car in 6 seconds or less - no mean feat for an able bodied person with the roll cage bars to negotiate, a full harness on, in a bucket seat and with a race helmet on!

Aaron raced in August at Donnington finishing in 22nd place out of over 40 competitors and with amazing lap times too. He has 4 further races this season at Castle Combe and Silverstone.

From classic to modern - think BMW, think Bartley!

Dermot Dromey founded Bartley BMW Specialists in 1997 so the business celebrated its 19th birthday in September. Bartley benefits from a dedicated team of professionals, including BMW qualified technicians who have almost

60 years experience of working with ALL models of BMW and Mini, regardless of age, model or specification. Bartley operate from fully equipped workshops, featuring the latest BMW diagnostic tools and laser wheel alignment equipment, on the Rushington Business Park in Totton, Southampton.

At the minimum, all Bartley work is carried out to BMW specifications. Advice and quotes are FREE. All parts supplied by Bartley and all labour carried out by Bartley come with full warranty for customer peace of mind.

Bartley offer while you wait appointments by prior arrangement. There is a café on site so have a cup of tea and a slice of homemade cake as Bartley take care of your car. Alternatively, if you need to be on the road, Bartley have a fleet of FREE automatic and manual courtesy cars. Bartley are close to the New Forest, on the outskirts of Totton. Just a 5 minute drive from junction 2 or 3 of the M27, with easy access to/from the A35.
